¹ Conversion rebates are available to all homeowners who convert their primary heating equipment to natural gas on or after July 29, 2014 in Clinton County and other targeted conversion areas, or July 1, 2016 for all other areas.

¹ An additional rebate of \$500 is available to customers participating in the natural gas heating conversion program who have received HEAP benefits within 12 months prior to the rebate application date, and can provide a HEAP award letter.

² Existing natural gas furnaces only, boilers are ineligible. Limited to one rebate every five years. Effective January 1, 2016.

³ ENERGY STAR tank type water heater with EF of .67 or greater.

⁴ ENERGY STAR tankless water heater with EF of .82 or greater.

⁵ Installed by a contractor at time of qualifying natural gas furnace or boiler installation.

⁶ Contractor-installed or self-installed, must control a natural gas heating system.

To be eligible for any of our rebates, furnaces and boilers must be Air Conditioning, Heating and Refrigeration Institute (AHRI) or ENERGY STAR approved, and all eligible equipment (except Wi-Fi enabled thermostats) must be installed by a licensed contractor or a contractor who has provided you with either a Federal ID (tax) number or a Certificate of Insurance.
